

U-FOAM[®]
Since 1959

aura

Glide. Drift. Float. Soar. Sink.

Aura is the result of our continuous effort to bring you the most relaxing sleep ever. Built on the revolutionary AIRFOAM Technology, the mattress features 100% breathable foam so open and free that it auto-regulates temperature by allowing air to flow completely and unrestricted through the entire mattress. The result: an extraordinary and comforting sleep experience

Go ahead, rest lightly as a feather on the wonder mattress born with

- improved air flow through millions of open and interconnected air channels and pathways resulting in a cool refreshed and comfortable sleeping medium, every moment of your sleep
- rebounding action that helps relieve pressure on joints and muscles resulting in the most comfortable sleep you have ever known.

Great sleep on a new level – on a soothing dense cushion of air!

Welcome to the latest in sleep technology from U-Foam-Aura, the art and science of great sleep.

Sleep better, Live better.
